Students appreciate the many assemblies given throughout the school year.

MISS TIVO is symbolic of all the virtues that Timkenites are striving to attain.

It is an honor given to a graduating senior girl in recognition of scholastic achievement and service to the school.

The Tivo staff has chosen the girl they feel will best represent Timken with this honor.

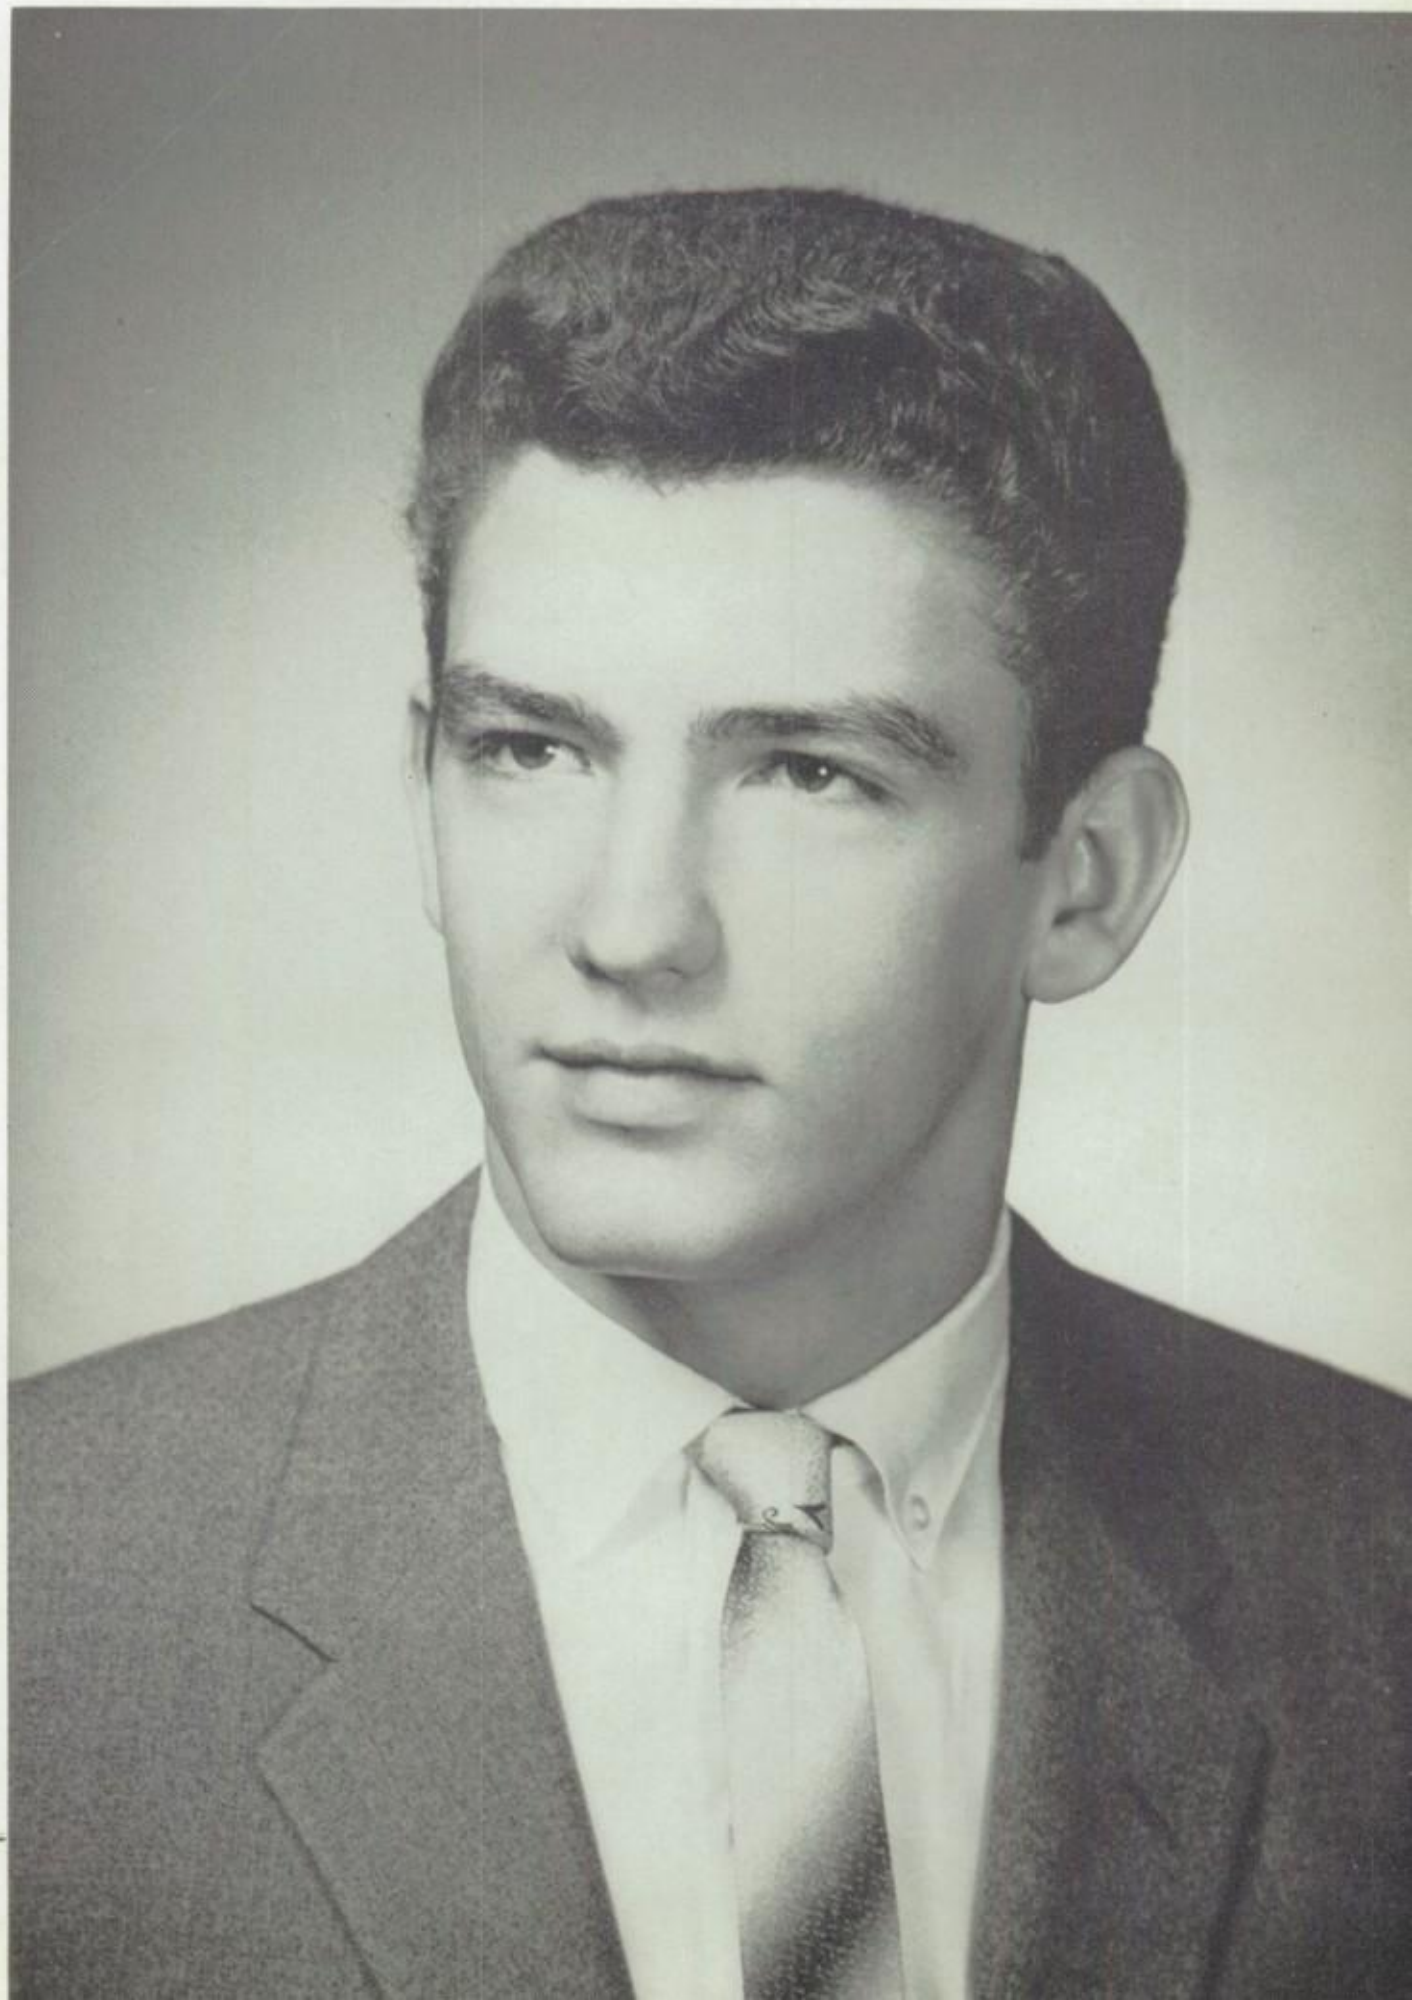

It is indeed with pleasure we present to DIANE PACKER Miss Tivo of 1960.

MISS TIVO

MR. TIVO

This is the year of many firsts, and the Tivo is presenting a new addition to the long line of Timken traditions. This feature is the presentation of MR. TIVO of 1960. As in the selection of Miss Tivo, the staff endeavored to select a boy whom they felt had rendered complete and indefatigable loyalty to his school during the past four years.

It is with distinct pride we present to the faculty and student body RICHARD MIKES of Timken Vocational High School Mr. Tivo of 1960.

Christmas carols ring through Timken's halls in Traditional Program.

STUDENTS

WHAT THEY DO

Santa and "helpers" join in the Festive Spirit by preparing baskets.

Early morning band practice doesn't dampen the girls sense of humor.

Elections and student voting in the Fall is characteristic of our school.

Even before the school year starts, when Freshmen prepare for their first high school year, and the Seniors, their last, the Rockettes, Majorettes, and band spend part of the summer practicing. As the school year gets into full swing, the football players get a chance to show their prowess. Then, the school delves into politics with the Blue and Gold parties fighting tooth and nail to win the honor of being class officers. Then comes the queen — also chosen in the election, but not announced until a magnificent assembly is presented to the school. Christmas, with all its preparation and caroling, is observed in true style. This year—the greatest basketball season in the history of the school—brought Timken fans to the State Tournament in Columbus.

Whole-hearted attention is given to the game by Linda and Janette.

The band is always prepared to assist with an assembly.

Choir practice is always an excellent time to sing a song.

As spring rolls around, excitement over spring sports, track, golf, tennis, and baseball, and graduation arises. The Seniors, finishing up their high school life in a flurry of graduation activities, are fitted with caps and gowns to wear on their graduation day. When the Seniors walk out of Timken High School for the last time in their occupation of students, there cannot help but be a feeling of sadness, through gladness, for a school which has offered them a treasury of memories.

Mr. Armitage and the marching band prepare to go to Fawcett Stadium.

Beautiful is Timken's Football Queen and Court.

YOUNG ADULTS

PLACES THEY GO . . . PEOPLE THEY MEET

From the stadium stands, the majorettes cheer for a touchdown.

OUR QUEEN

PAT KULICH

For Pat, being Queen is a dream come true.

Miss Pat Kulich was elected the 1960 Football Queen by the upper three classes and was presented to the entire student body at a coronation assembly.

This assembly climaxed weeks of campaigning by the five candidates. Crowned amid the splendor of a Grecian garden, Miss Kulich began her reign proudly sitting in the traditional velvet seated throne. Our Queen represents the ultimate ideals and beliefs of a True Timkenite.

Pat rates high in her class work.

OUR QUEEN

Always on the go, Pat still finds time to smile.

GEORGIA

Each girl in their own way is a Queen, too.

These four deserving girls were chosen to serve as attendants to our 1960 Football Queen. They, like the Queen, represent the ideals of all Timken Trojan girls. Each girl has achieved high scholastic standards and have shown the school spirit typical of all loyal Timken Trojans.

BARBARA DEMCHAK

Even in the auditorium or around the school, the girls cannot be missed.

STUDENT SENATE HONOR ROLL

Representing the student body, the Student Senate voices its opinions and suggestions for the improvement of the many activities throughout the school.

Composed of all class officers the president and vice president of the Booster Club, the Student Senate is the main tie between the students and the faculty.

Firm believers of the adage, "Knowledge is acquired, not inherited"; these students have maintained the high scholarship standards set by Timken Vocational High School.

They have proved to themselves and others they are capable of grasping the knowledge they pursue, and through the careful guidance of their teachers, learn to know their strengths and weaknesses.

RED CROSS . . . OFFICERS AND WORK

The officers of Junior Red Cross represent the Red Cross at Timken. These students are active in many divisions of the Red Cross, and help in many of the Red Cross's activities. These include the distribution of food to families in need during the Christmas season, as well as many other charitable good deeds. Chuck Stoll is vice-president of the Stark County Junior Red Cross.

D. E. C. A. . . . REPRESENTATIVES AND JOBS

This is a local state and national organization of which all Retailing students are members.

Acquiring the ability for leadership is just one of the rewards of being a member of the Distributive Education Clubs of America. The officers are Vic Pavona, President; Dick Monasterio, Vice President; Pat Concatto, Secretary; Jerry Kisha, Treasurer.

OFFICE ASSISTANTS

Gaining Experience

The Office Assistants' main jobs are operating the switch board, answering requests at the information desk, filing student records, and delivering attendance slips and other material.

In doing this, the girls not only serve the school, but also gain valuable experience in office procedures.

In charge of the group are Miss Marian Huth and Miss Mary Perret.

Office Assistants help handle office work, filing, printing memo's, and working the switchboard during the year.

Timken's library has available a wide selection of books, an efficient staff, and pleasing atmosphere for reading and study.

LIBRARY STAFF

Helping Others

Under the direction of Miss Ada Zimmerman, the students on the library staff shelf books, deliver library slips, help at the desk, and type. The students on this staff must maintain an 85 per cent average, and have a free period every day. They also must be reliable and dependable in their library assistance. Their services, while being helpful to the school, give them practical training in the varied duties involved in library work.

SCHOOL TREASURER . . . AND ASSISTANTS

Each year Mr. Marshall Robinson, the school treasurer, chooses several girls from the Accounting Department to assist him.

Their duties consist of supervising the books of the numerous school funds. They also gain much check-writing experience.

Judy Self, Mr. Robinson, Rose Marie Ginnetti, Betty Fogle, Linda Muster, Carol Cusack, Virginia Watkins, Roseann Farilla.

Mr. Risilati, football coach, explains a play used by the team.

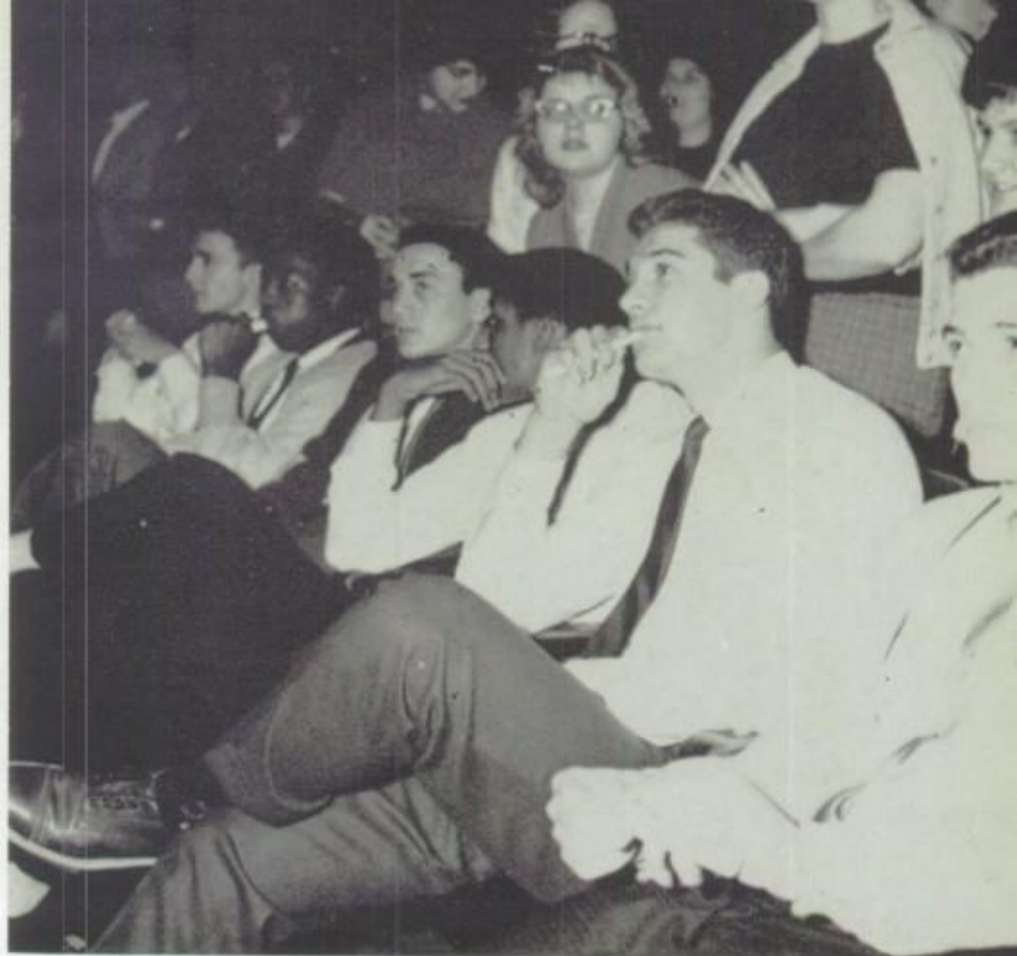

Student Senate presented an unusual skit this year.

Not only students, but, the coaches get excited and join in on leading a school yell.

ASSEMBLIES

Timken assemblies hit their peak during the football and basketball seasons. Various vocational departments, such as Drafting, Electric Shop, Print Shop frequently produce skits which are amusing and original. Guest speakers also are invited from time to time to add to the color and tone of the assembly which always fits the occasion.

The Senior Varsity looks on while students stand to cheer.

FACULTY AND STUDENT PARTICIPATION

An energetic student body cheers the team on to a victory over Central Catholic High School.

MARCHING BAND

Timken's Marching Band under the baton of director, Cecil Armitage, has always rated A-1. This group is ready, willing, and prepared to play for all games, assemblies, or parades whenever the occasion arises. *Practice* is a main part of any organization and the band is no exception. Students begin practicing during the summer and continue throughout the entire year.

MUSIC INSTRUCTOR . . . ORCHESTRA

MR. A. W. LIDDELL

Consisting of approximately thirty well-trained and skilled musicians Timken's orchestra deserves credit for its fine performances during the school year.

One of the highlights presented by this group is the Spring Concert, which is an annual event.

A'CAPPELLA

Composed of boys and girls who are interested and talented in the field of vocal music, the a'cappella choir is the outstanding vocal group at Timken. These students perform for many school assemblies and also for outside civic organizations. Their mellow tones are well-known throughout the city.

In addition, the group spends long hours of practice preparing for their annual Spring Choral Concert.

Their performances are always the best.

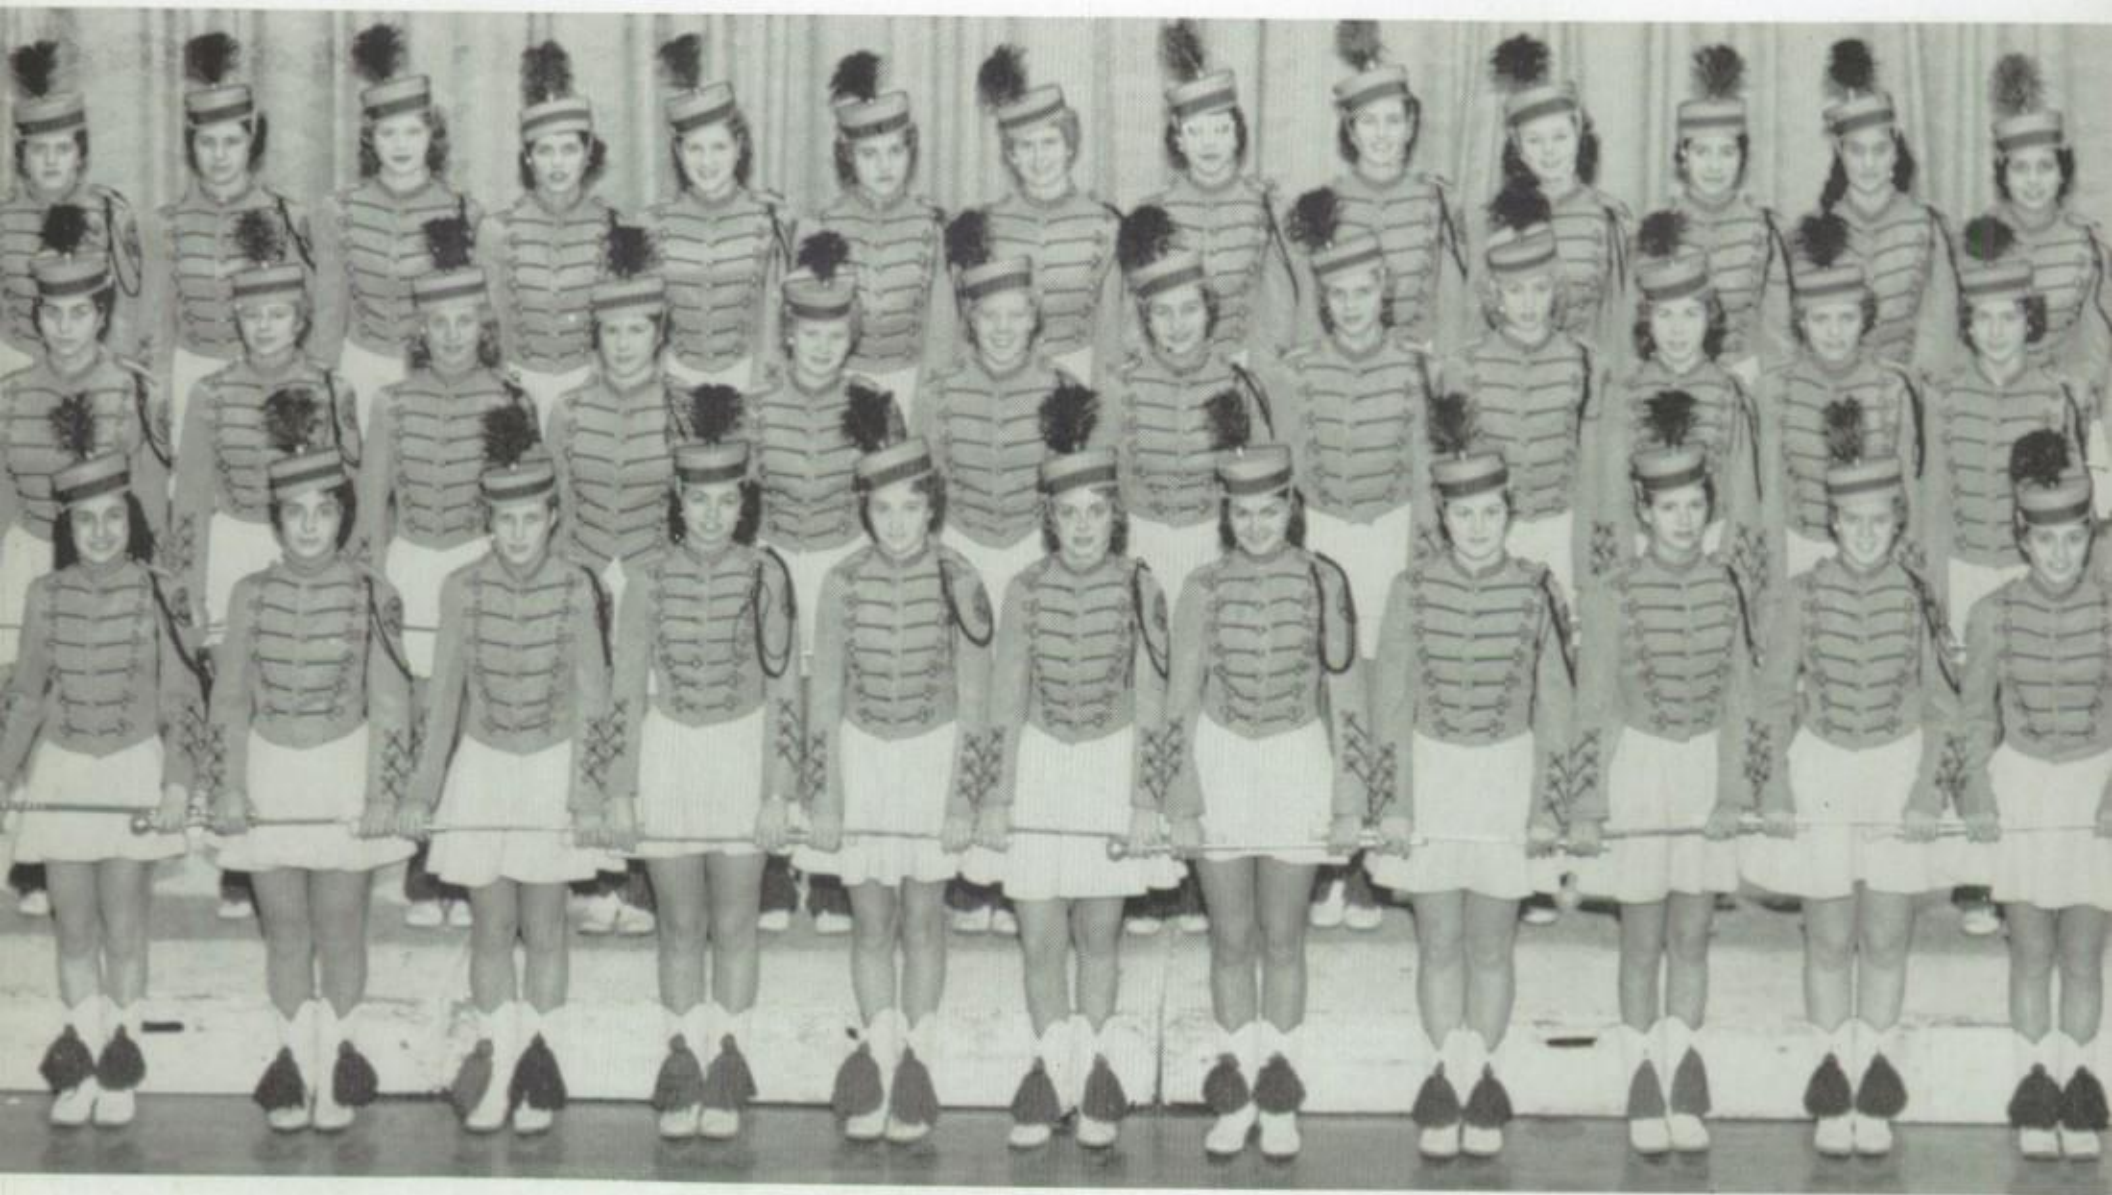

ROCKETTES . . . MAJORETTES

Dance routines performed by fifty-one beautiful Rockettes may be seen at the half-time of all football games. This group practices at least twice a week throughout the summer and continues to study during the football season, learning new routines.

With the Majorettes, they have presented outstanding shows featuring camp stools, beach balls, shakers, tambourines, and, of course, the baton.

Majorettes "strutting high" in their white and gold uniforms, are gayly applauded whenever they make their colorful appearances with the band at parades and football half-time shows. These girls are featured dancers with the Rockette line.

Each majorette is selected for her grace as a dancer and her baton-twirling ability. Many long hours of practice are necessary before a girl reaches the coveted position.

TIVO EDITOR

BERTHA COULAS

Bertha Coulas, commercial art senior, has served not only as 1960 TIVO editor, but she also has designed the cover and produced all of the art work in the book.

An excellent staff has served with Bertha, handling the photography, write-ups, and typing details. Mr. Raymond Pelanda has supervised all of the editorial work aided by Miss Pauline Bridge and Mrs. Martha Clements.

TYRO . . .

PUBLICATIONS STAFF

JUNIOR STAFF

The TYRO, Timken High School's monthly publication, has been produced this year by a staff headed by senior editor, Ron Lawver, and junior editor, Linda Frantz. Ron and Linda have been assisted by very able page editors, special feature writers, a fine staff of photographers and students who have handled the ads and all financial problems.

Faculty advisors for the entire staff are: Editorial, Miss Pauline E. Bridge, and Mrs. Martha Clements, and Business, Mr. Raymond V. Pelanda.

Students who produce The Tyro give up a study period so that they may work with the staff and are required to maintain a high average in their classroom work.

CHEERLEADERS . . .

The cheerleaders are a group of girls who somehow seem to keep spirits high, even when the going gets rough. Sometimes, the cheerleaders are not given enough credit for the good they do for the school and its spirit. At every game, you'll find the cheerleaders out on the floor or field cheering on the fighting Trojans. Their ability to whip up spirit cannot be underestimated. These girls are the link between the team and the spectators during games. They stick with the team with confidence even though sure defeat might be in view. But in victory or defeat, the cheerleaders show true Timken spirit.

PREPARATION

After losing to Painesville Harvey 22-8, the Trojans evened up their record by plowing over New Philadelphia 40-0. Peterson led the way with a 20-yard run and later with two short plunges.

The Trojans lost the third, fourth, and fifth games to the Salem Quakers 32-0, Dover 23-12 and to Canton Central Catholic 28-0.

The sixth game showed Ravenna who was boss as Timken thumped them 24-8. The fired up Lehman Polar Bears gave Timken their fifth loss with a 26-0 verdict.

Looking like champs, the Trojans rolled over Canton South 24-6, with Criss leading the way.

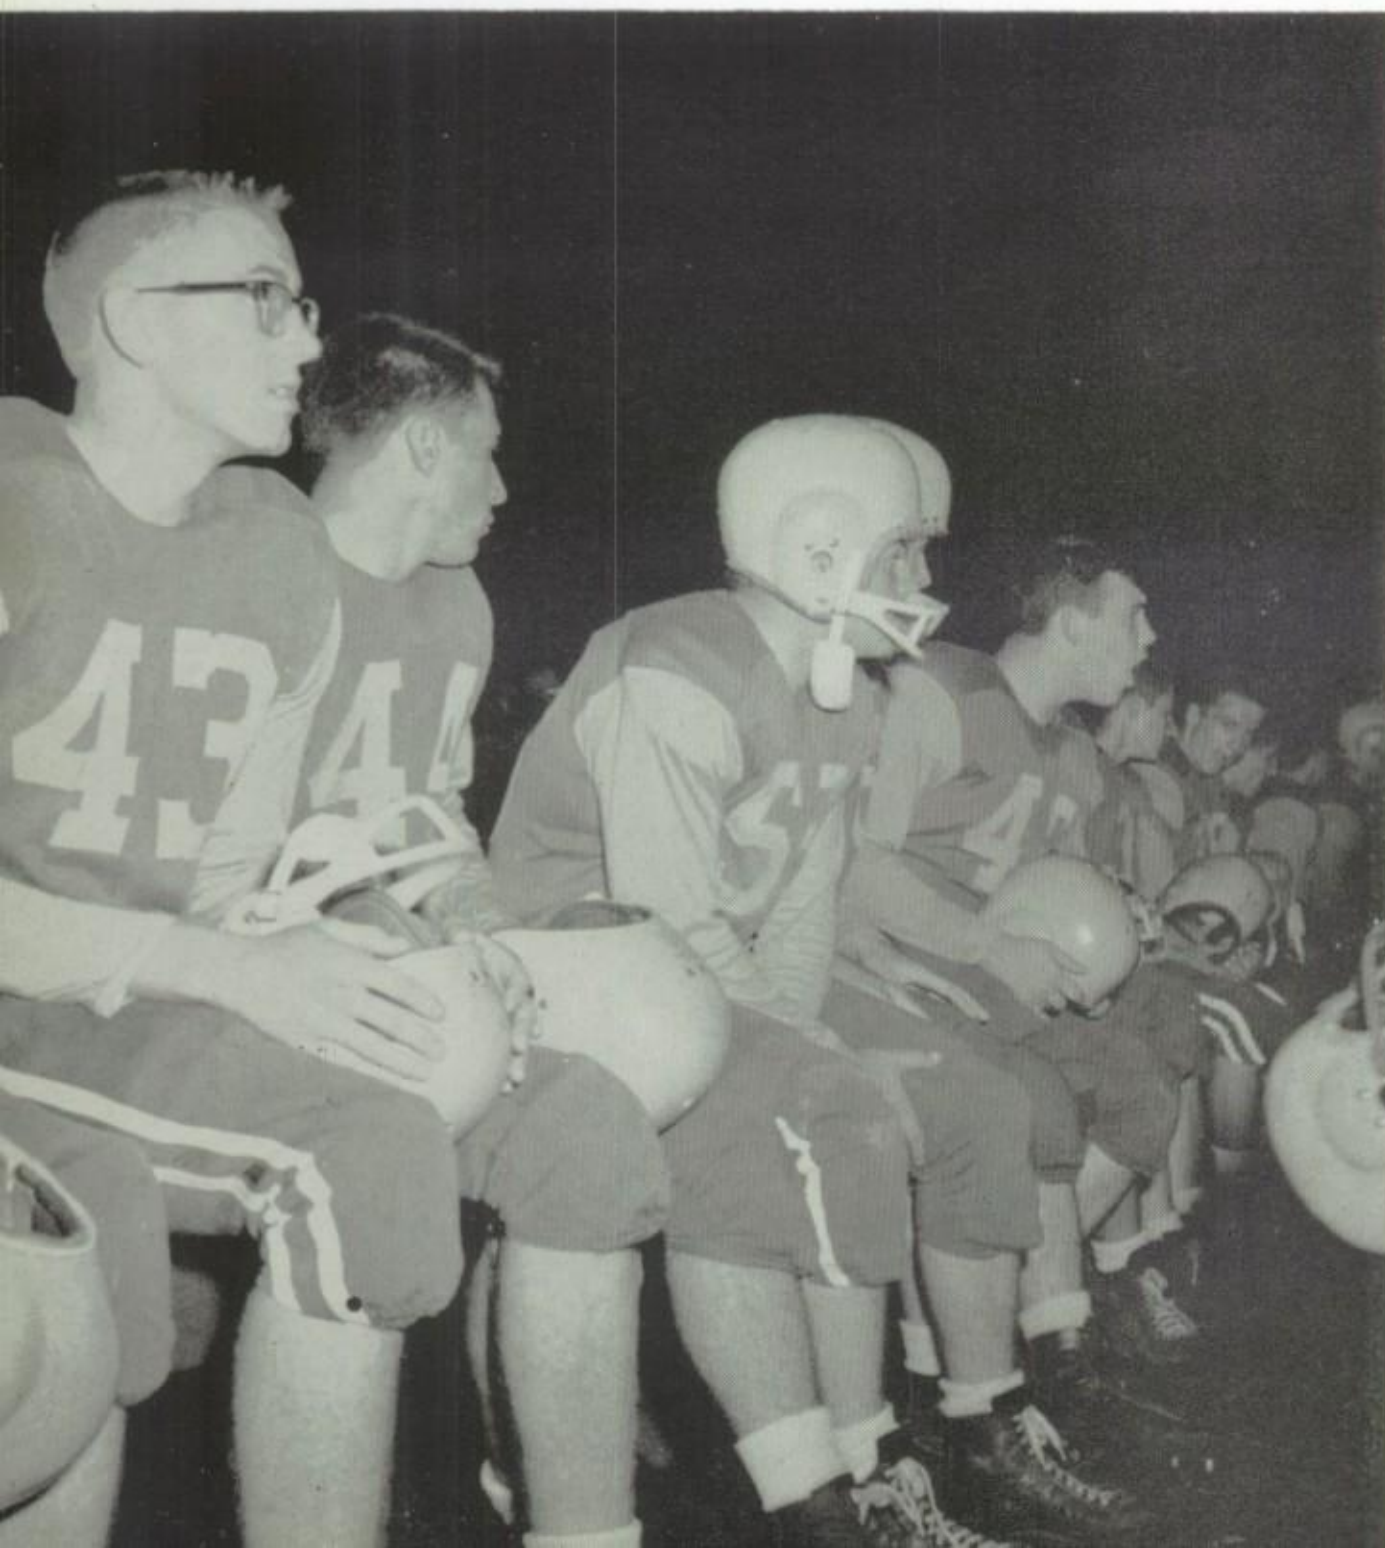

Canton Lincoln was Timken's fourth victim in nine games as the Trojans rolled over Leo 26-6.

Lincoln held a 6-0 halftime advantage but Timken took charge in the final period. Lee, Criss, Marmon, and Serry, all scored for Timken in the final half.

All in all, it was a successful season; and with a few breaks, it could have been a winning one.

"On The Road To Fame" was the mark of the 1959-60 Timken Trojan basketball team. In the first game of the distinguished season the Trojans were conspicuous in record breaking achievement as they trounced the visiting Akron Hower quintet 94-44. The old mark was against the Warren Panthers 91-71.

The Troymen displayed outstanding talent as four year letterman John Namciu buzzed the hoops for 37 counters. Dave Perry and Chuck Marcelli followed with

16 and 12 points respectively.

The second encounter found the Trojans matching strength with the Akron North Vikings. Timken scrambled to a decisive 74-60 victory. The Trojans quickly zipped to a 38-27 lead by halftime and led 52-44 at the third-quarter stop. The fourth quarter proved dismal to the Vikings as the Trojans exploded for 22 points. Namciu spearheaded Timken for 27 bells as substitute Joe Lee dropped in 14 points.

Western Reserve was "spanked" as the Trojans whipped to victory on their first away game 59-37. The game was slow as Timken only led by a mere 20-12 score at halftime. Timken's famed press proved potent as it

enabled many easy baskets. Namciu took game scoring laurels pumping in 26 points. Dick Mikes was John's main support in gathering 11 points.

The Blue Devils of Zanesville were pressed from victory as the Troymen sank 30 of 37 shots from the charity stripe to gain a 62-56 win. Dave Perry showed "rough" as he netted 21 points while Namciu and Marcelli hit 12 and 11 points respectively.

Columbus South was high but not high enough as the Trojans copped a hard earned 59-41 count. The quarter stop favored South 11-8 as Timken gained forces to roar to a 25-22 lead by halftime. The Trojans then ran and couldn't be stopped. Mikes bent the hoops for 17 points with Namciu spilling 15.

Lady Luck smiled down on the Trojans when the Troymen completely disabled Upper Sandusky as Timken rumbled to an overpowering 74-35 score. Namciu rang the bell 35 times to take game scoring honors.

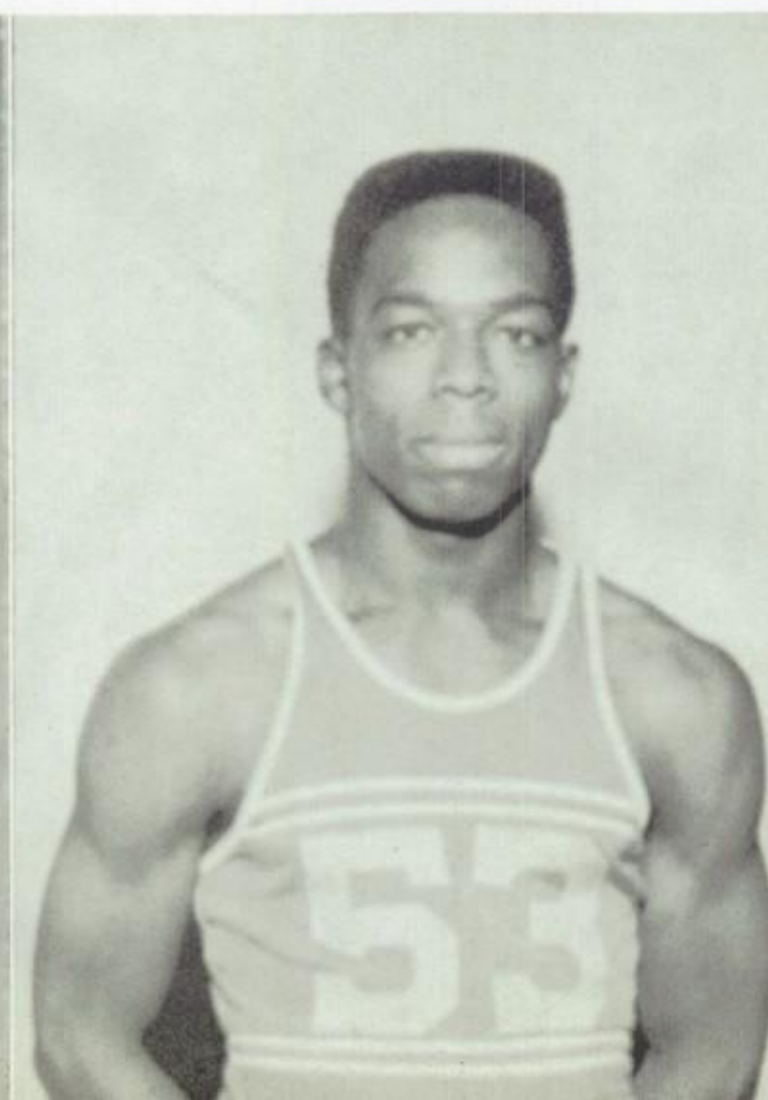

Football tactics took over as Timken out "fought" Sandy Valley Cardinals in a rough and tumble 75-50 win. A parade to the free throw line was in order as 47 fouls were called, 30 against Timken as 18 to Sandy Valley. Namciu again won scoring honors pouring in 34 points.

Jackson was grounded as Timken chalked up a 68-43 victory. The Trojans won with ease posting quarter leads of 14-4, 24-16, and 47-31. Namciu topped scoring with 30 points.

The first inter-city game found the Trojans putting the cap on the Polar Bears icing a 68-36 win. The Trojans blew wide open on the steady scoring by Namciu freezing the nets for 34 counters.

Timken's blazing 45% sent the Cavaliers from Youngstown into a daze by snapping a 69-41 win. Timken zipped to a 17-7 lead and led 25-17 at half-time. The third quarter was blown wide open as Timken blistered the nets for 30 markers. Namciu copped scoring honors with 22 points.

A tough game labeled the Lancaster contest, but Timken was not to be denied as the Trojans gained full control to outroll a 87-66 victory. Namciu ripped the nets for 34 points while Marcelli followed with 18.

Lincoln was the second inter-city victim as the Trojans captured a 66-46 win. As always, the Lions fought hard and narrowed the count to 48-40 before the Trojans whipped in 18 straight points to close the door on Lincoln. Namciu pounded the hoops for 28 points.

Ravenna was stunned by Namciu and Co. as Namciu pumped through the nets 54 points to break 6 marks. The Trojans were victorious by a score of 88-46.

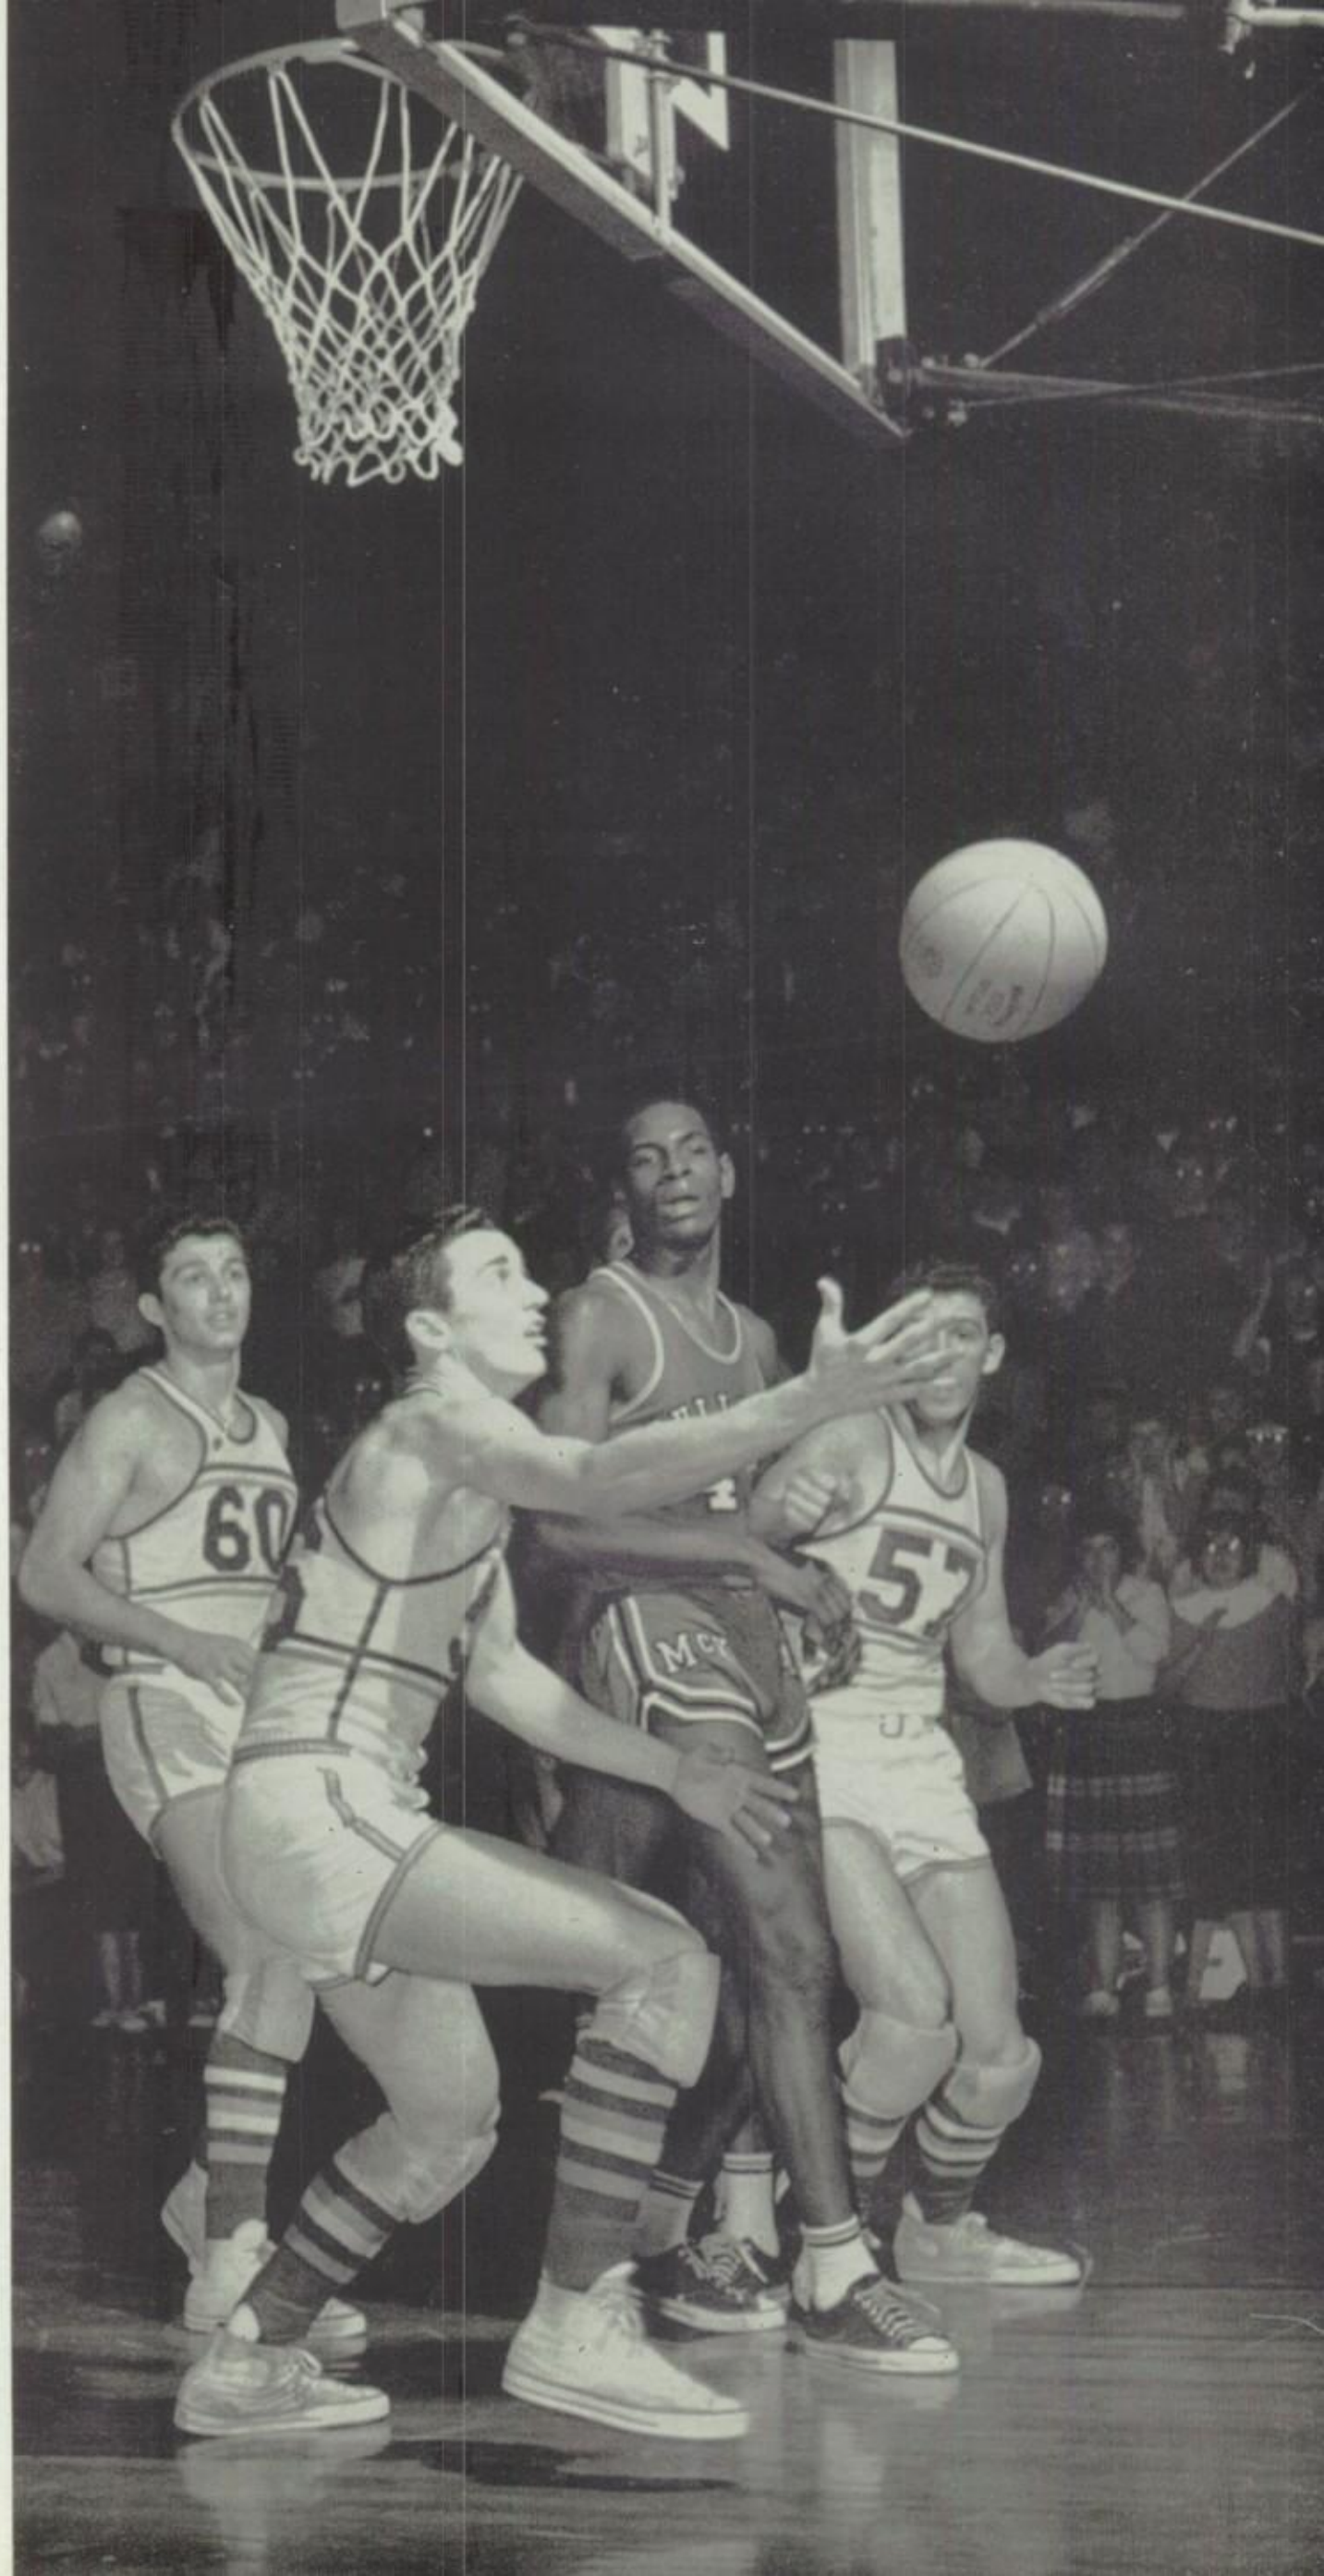

Barberton Magics lost their bag full of tricks as the Troymen won by a 76-53 performance. Namciu topped the Trojans' attack with 37 points.

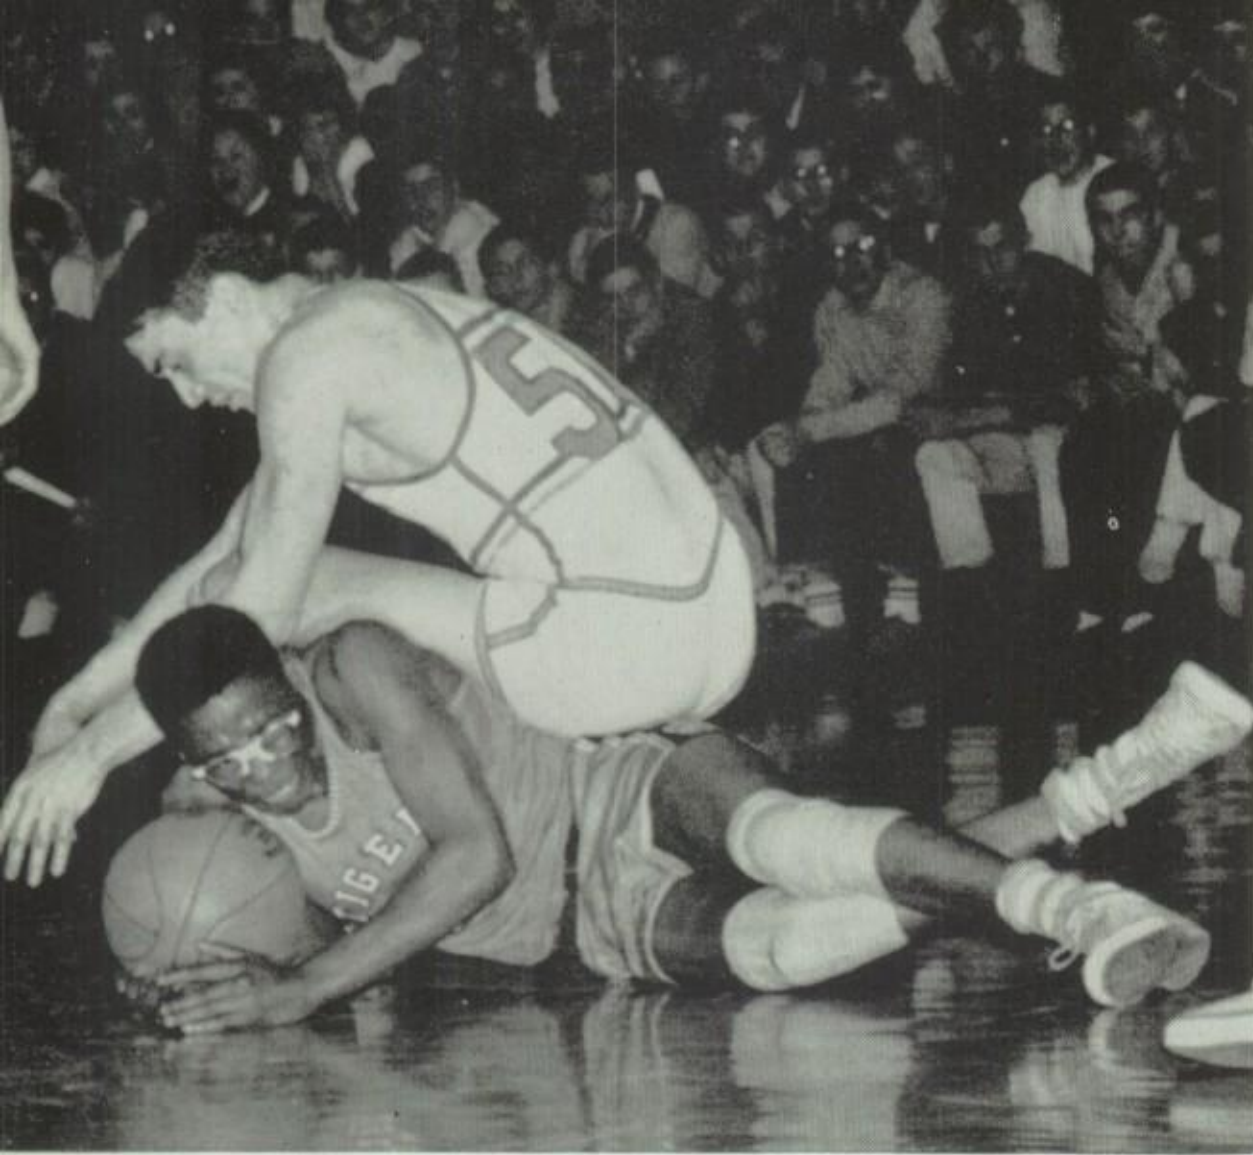

The fourth rated Lakewood Rangers were chopped down and burned by a determined Timken five 63-57. Namciu broke the Stark County scoring record of 437 by scoring 29 points to total 454.

Looks like Chuck Marcelli has scored a "knock-out" as John Namciu and Pallota fight for the ball during the Central Catholic game.

The Rangers jumped to a 12-5 lead but Timken tied the game at 19-19. From then on the Trojans were their own boss.

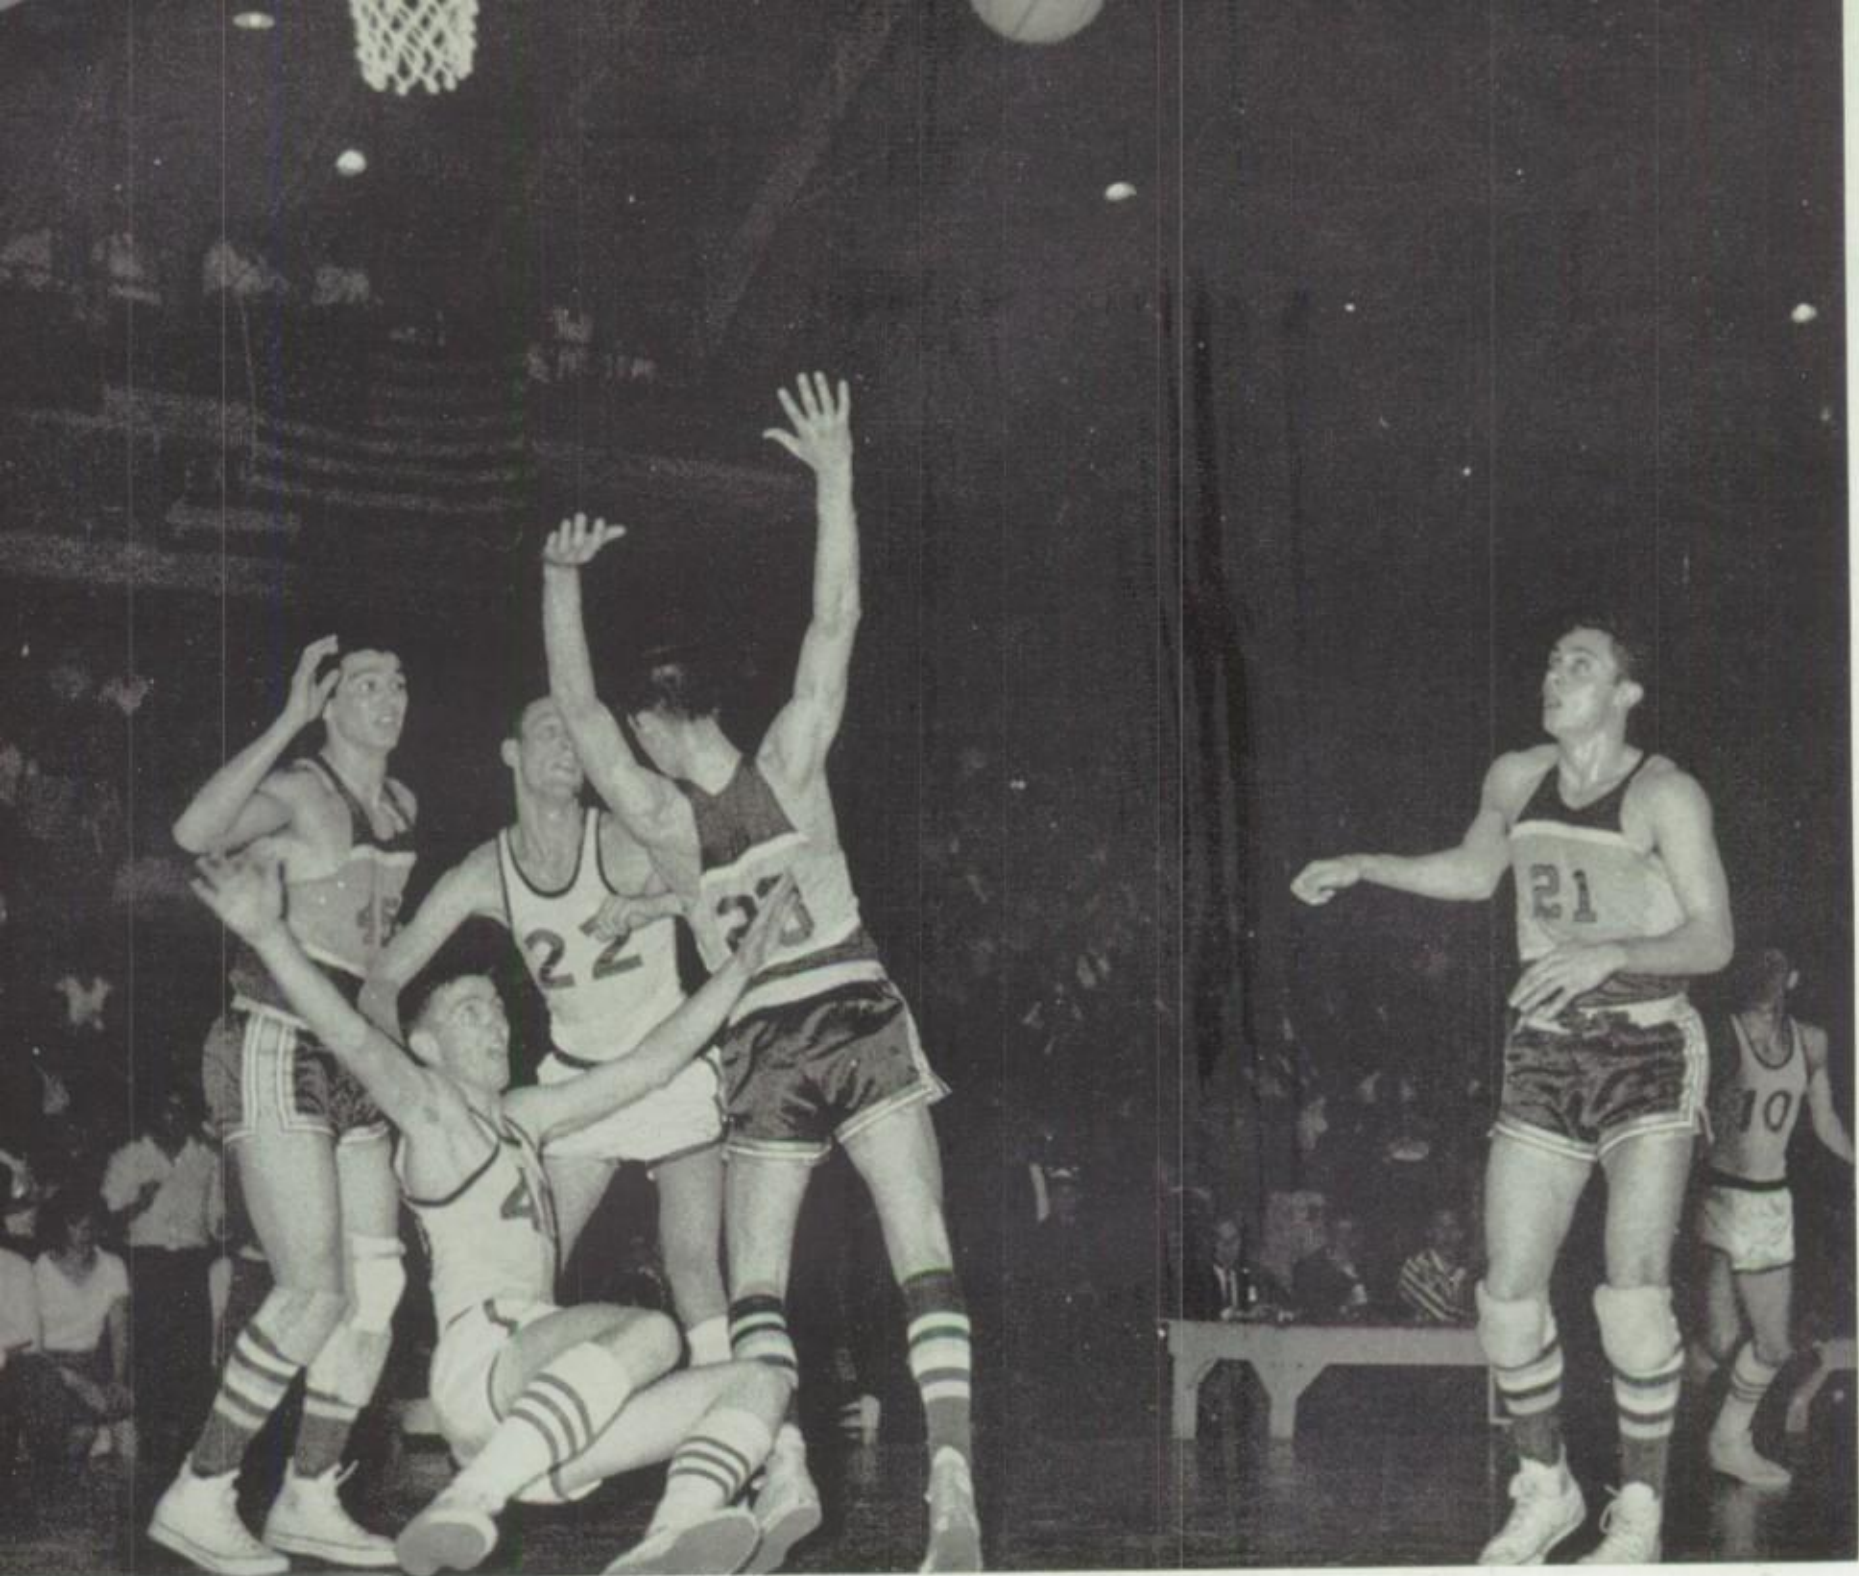

A tall Central Catholic crew was cut off and stomped by Timken for a 68-55 loss. Perry spearheaded the Trojans for 17 points.

Warren gave a good scare to the Trojans but lost 52-48. Warren outscored the Trojans three quarters, but a 25 outburst in the second quarter saved Timken from defeat.

A city championship plus an undefeated season was the outcome of the McKinley game. The Trojans managed to stop a growling Bulldog five to win 57-55. Perry was the hero scoring 20 points and the winning basket with 7 seconds remaining.

MR. BERNARD CAMPBELL

MANAGERS

Dick Rowley, Don Fowler, Don Miller.

Bernard Campbell, Faculty Manager for all Timken sports, has done a wonderful job through the years.

His experience has made him invaluable in performing many duties involved in his job. Handling the sports equipment is probably the most important. He also organizes Timken athletic schedules and makes sure that the teams eat on away games.

Incidentally, "Bernie" is a specialist on milk shakes.

Mr. Kaylor, Don Casar, Chuck Marcelli, Dick Mikes, Raymond Nero, Phil Bannevich, Mike Root, Chuck Ross, and Dave Goebel.

Mr. Kaylor has a fine nucleus of returning lettermen. Eight returnees will certainly make 1960's team a good one as all these boys performed well last year.

Sprints will probably be their main problem.

RUNNERS-UP

Intramurals are a series of elimination games, in which different shops and departments battle for top honors. Generally, these games are played before or after school; however, in certain cases, the games are played out of school time. Usually this is a time in which it is more convenient for both teams to play than at any other time. The champions are awarded trophies at the end of the season.

TUMBLERS

Boy tumblers employ their wits and skill in performing the many daring feats for which they are known. Also involved in their ability is the factor of teamwork, without which the tumblers could not perform.

Along with these qualifications goes responsibility and loyalty to teammates. Their field of operations is not limited, as they work on mats, parallel bars, horizontal bars, and trampoline.

Who's who?

WRESTLERS . . .

Timken's wrestlers enjoyed a good season learning new experiences and knowledge of the wrestling game.

Mr. Frank Garfield, Timken's wrestling coach, says there are a lot of improvements to be made and he has some good boys following through for next year.

The Troymen are a young team, snapping into their third season, and could prove to be a big threat next year.

GIRLS GYM . . . ACTIVITIES . . .

Globe Trotters, Blue-Gold style.

The first half of the annual Blue-Gold was one sided, Gold 12-Blue 6. Something happened in that third period however, that really made the difference. The Blue team realized that it had work to do and it hustled. Going into the final three seconds, the score was 18-17 Gold favor. Blue team's Vicki Agnes got possession of the ball, and she put it through the hoop scoring the winning point. BLUE 19-GOLD 18.

GIRLS LEADERS

Girls Leaders assist the physical education teacher in the actual class program. Each Leader is required to take a series of tests, written and practical, before she becomes eligible for membership.

During the year, the girls excel in many activities; one of the most important being the Blue-Gold game. An annual picnic ends the year's events, serving as an initiation for new leaders and a farewell to the graduating leaders.

The organization is run on a regular club basis and is governed by a constitution, election of officers, collection of dues, and scheduled meetings.

Miss Margaret Riesen is Timken's physical education teacher and Girl's Leaders adviser.

To become a regular member of the tumbling team, a number of skills must be accomplished. Regular practices are held in the morning before classes.

SENIORS

Upon entering Timken in 1956 as Freshmen, the class soon became acquainted with life in the high school, and took an active part in school activities.

Annual events, such as the prom were enjoyed by all, and the great success of the activities such as football and basketball games was due largely to the school spirit shown by our class.

The climax of our four glorious years at Timken Vocational High School were Class Night, Baccalaureate, and the ultimate goal of each Timken Trojan, Commencement.

SOPHOMORES

The members of the Sophomore Class proved themselves capable and willing and are ready to serve Timken Vocational High School as upperclassmen.

Sophomores were well represented in all phases of athletics and extra-curricular activities.

It is most assuredly a proud and loyal class that looked for and seized the best opportunities offered by Timken High School.

FRESHMEN

The Freshman Class officers did a good job of leading the class.

The members of the class have adapted themselves quickly to their life at Timken Vocational High School and are looking forward to three more years at Timken.

We are sure they will follow the Timken tradition and become the efficient leaders as the graduating class of 1963.

FACULTY . . .

Our faculty is comprised of teachers who continuously combine their efforts and abilities to make Timken an outstanding vocational school. Besides teaching "readin', writin', and 'rithmetic," our teachers participate in many extra curricular activities. They are always willing to guide and advise students. Many of the teachers serve as class guardians.

In addition to the task of teaching, each teacher is interested in individual students. They help boys and girls to adjust to high school life and are ready to assist whenever their time and energy are needed.

In Timken Vocational High School, young men and women are trained for initial employment in their chosen occupation or trade. In the eleventh and twelfth years, the students specialize in one of the seventeen fields provided. Each student makes his own choice as to occupation in the tenth year, according to tests and orientation programs set up in the school.

Timken Vocational High School presents *Commercial Art* in its program. From this course each year emerges the Editor of the *Tivo*. The course consists of basic art training to the various branches of commercial art. These include design for display and advertising, lettering for reproduction, sign painting, figure illustration, production and cartooning.

Boys wear helmets in Welding Shop as a safety measure for protection against arc rays and molten metal.

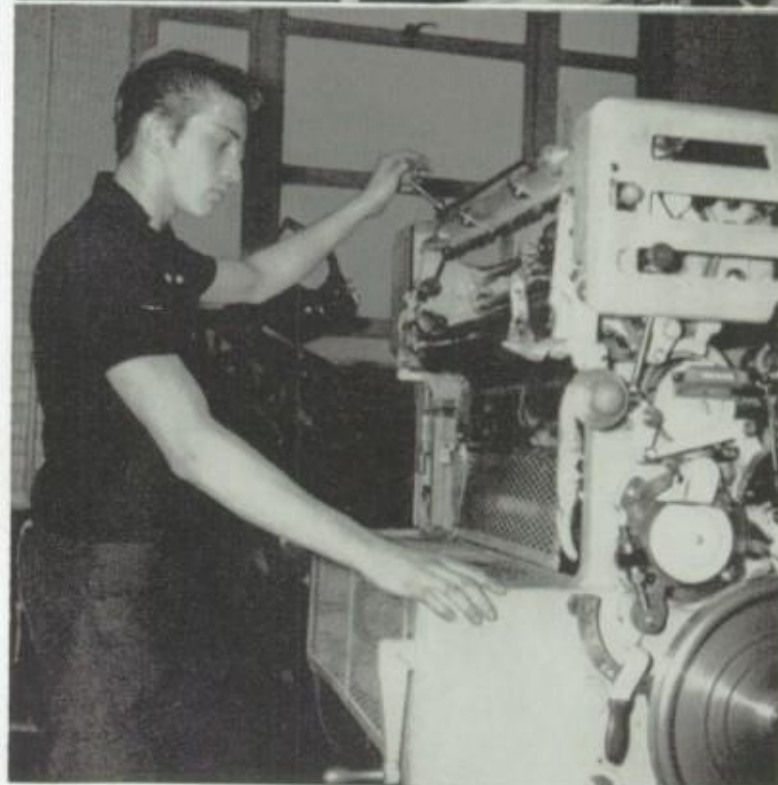

These boys have excellent training in servicing all parts of a car.

Cosmetology Shop includes the training and techniques of shampooing, fingerwaving, machine and machineless waving, manicuring, scalp treatment, facials, receptionist duties, cashiering and telephone courtesy. The course fulfills all state requirements for the licensing of cosmetologists.

In *Dressmaking and Design*, dressmaking is studied from a professional standpoint. The girls design and make tailored suits, coats, hats, bags, and evening gowns which they model before various social groups. Time is also given to the construction of draperies, slip covers, and the study of home decoration.

Food to please a gourmet's palate is prepared and served in Timken's Tea Room.

Timken's print shop has made available to the school and public many printed publications.

Cosmetology offers Timken's girls training and experience by co-operation of students and public customers.

Exactness in detail is a must in drafting.

Another course is *Retailing* (or *Distributive Education*). This course is a co-operative vocational training program in which business and school cooperate to provide practical instruction and actual experience on selling jobs. Students may enroll in this program in either their junior or senior year; however, the cooperative program applies only to the twelfth year.

Tea Room Restaurant Training is a course which trains girls for commercial careers in the foods trade and for the intelligent management of their own homes. The Tea Room serves as a real laboratory where the girls learn to prepare food and serve it expertly. Pupils who have completed the eleventh year are eligible for cooperative restaurant training in local business establishments.

The *Accounting* curriculum is designed to train students for advanced bookkeeping positions as well as all types of clerical work. Other important business education courses are included in this program to give the students the fundamentals necessary for efficient office work such as: business English, filing, business law, and office machines.

The *Secretarial Department* is designed to give specialized training in both shorthand and typing and build the students' speed and accuracy as high as possible. Other important subjects are included in the program to give the students complete knowledge of all types of office jobs. These required subjects are: business math, business English, office machines, and bookkeeping.

The trade of printers can be learned by apprenticeship and experience offered by Timken.

Patience, creativity, understanding of the mediums, skill and practice, formulate the study of the commercial artist.

In Machine Shop, students become skilled machinists in the theory and construction of machines.

The objectives of the *Business Machines Department* are to develop skill in the operation of all types of business machines. A graduate of this department should be a skilled comptometer operator and a good typist, with two years of double periods in concentrated study on speed and accuracy.

The understanding of mechanical operations and processes are made possible by Timken's machine shops.

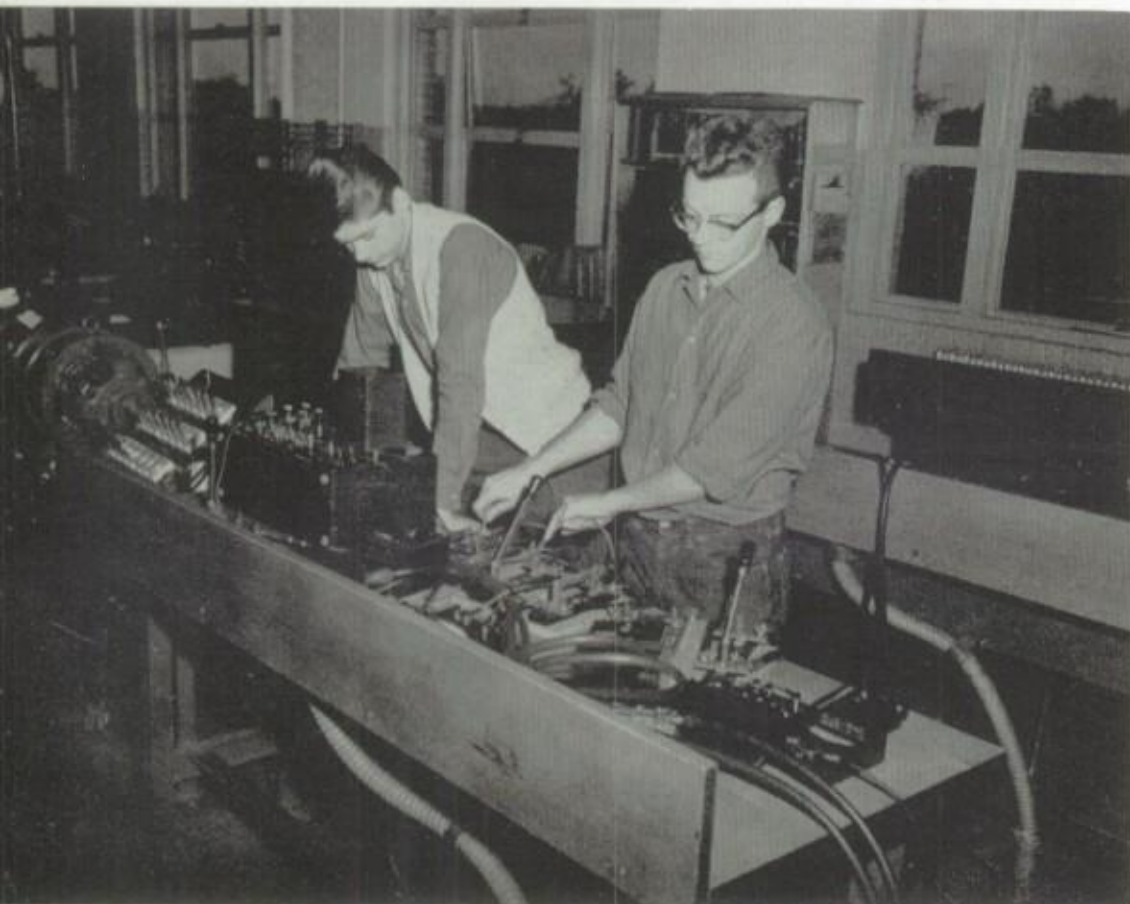

Senior Electrical Students examining current and voltage wave characteristics with an oscilligraph.

Industrial Arts sheet metal students working on their projects.

VOCATIONAL-ACADEMIC

The business mathematics course covers a complete review of all fundamentals of arithmetic with advances into the various types of calculation and mathematics used in industry and business. Speed and accuracy are stressed.

The Automobile Mechanics Course covers all phases of automobile repair on all makes of cars, using up-to-date equipment. Students learn motor tune-up, in the ignition system, major and minor repairs, repairs on running gears of the transmission, lubrication, fender straightening, body work, and painting. Students in the shop serve as service manager, shop foreman and perform other supervisory assignments. They take an active part in the purchasing of replacement parts and the billing of these parts.

Drafting is the graphic or pictorial language used by engineers and designers to express and record the ideas and information necessary for the building of parts for machines (or the machine itself) and structures. A draftsman's job is to produce drawings showing sizes, shapes and necessary information to be used in the production of different machines and structures before they are made. Advanced mathematics required of draftsmen: geometry, trigonometry, and logarithms are used to solve real problems of the drafting room.

Vocational Electric Shop students study direct and alternating current theory, circuits, generators, motors, transformers, and electronics. They also study A.C. and D.C. motor control panels and starters.

Many hours are spent developing skill on comptometers.

Biology lab work provides many interesting facts.

Many interesting projects are made in the Industrial Arts sheet metal and woodwork-
ing classes.

Freshmen, in art class, learn to ex-
press themselves with various me-
diums.

VOCATIONAL-ACADEMIC

During the twelfth year a great deal of time is spent on rewinding and preparing motors and generators. The electrical drawing course consists of blue print reading and drawing or sketching electrical circuits. Through this work the student becomes acquainted with methods of wiring, types of circuits, protection and control of electric current. Power distribution systems, house, commercial, and automobile wiring all are a part of this work. Con- siderable time is given to the study of insulating materials as well as those which are conducting and magnetic.

Freshmen girls learn proper table setting as well as hints about sewing in home economics.

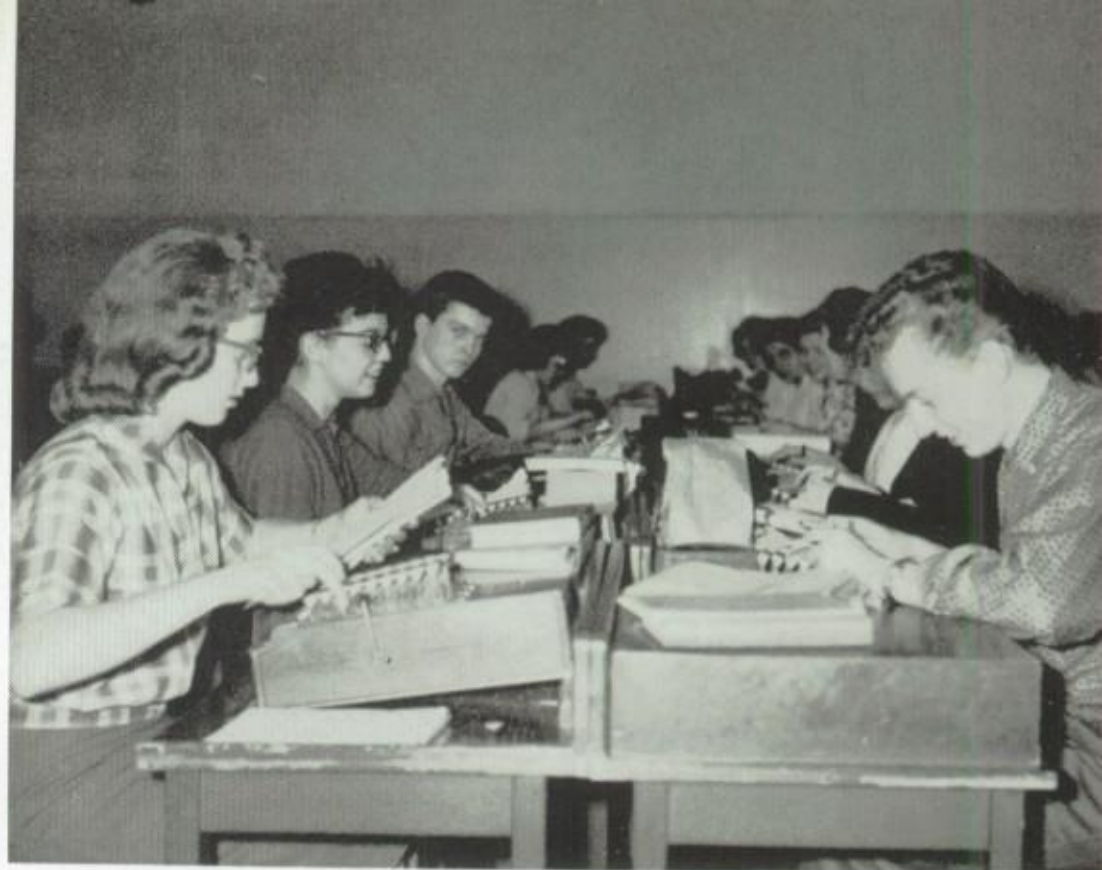

Cutting stencils and mimeographing — a part of the work in office machines class.

The *Machine Shop* course offers a constant challenge to mechanical-minded students. They learn machine operations on the latest full-size standard machine tools found in the most exacting industries. The *Machine Shop Trade Materials* course covers the preparation of the building materials used in industry, and the adaptation of the different materials to the purpose intended.

Pattern Shop is another important study. The patternmaker is really a model maker as he actually produces full size wooden models of machines and machine parts. The pattern is placed on a large box or flask, sand is rammed or stomped around the pattern, the pattern is carefully removed, leaving the proper impression in the sand. Melted metal is poured into the impression in the sand.

Office Machines class provides "no room" for error.

Typing is a skill, which all efficient secretaries acquire.

Students in *Vocational Print Shop* have the opportunity to learn almost every phase of the printing trade. They learn to operate hand and mechanical feed presses. They learn to run automatic cylinder job presses and register forms on cylinder presses. They learn the proper use and care of composing room tools and material as well as all the necessary trade terms.

Vocational Sheet Metal and Air Conditioning course includes welding, soldering, riveting, seaming, and the methods of forming and shaping all kinds of pipes and fittings used in heating and ventilating, roofing, spouting, skylights, exhaust, and blowpipe work, automobile and airplane work, and the construction of metal furniture.

Senior secretarial class busy transcribing their shorthand notes.

The *Welding Course* consists of one year of gas welding of the commercial metals widely used in the manufacture of metal products by industry. Oxygen and acetylene gases with oxyweld equipment are used. In the twelfth year, electric arc welding is taught, bare and coated electrodes (rods) of various size being used. Hand torch and machine burning of steel is also taught.

Industrial Arts includes many shops in which the foundations for the technical and skilled work of the later years are developed. These shops include—Woodwork Shop and Sheet Metal Shop in the tenth year. All industrial arts students are required to take at least three semesters of mechanical drawing.

Industrial Arts and American History study the findings of the past and present.

VOCATIONAL-ACADEMIC

In *Home Economics*, students study clothing, foods, hygiene, and home management. These afford them a basis for the advanced vocational work.

In the *Commercial Department*, students must take some subjects from both Industrial Arts and Home Economics. In the Freshman year, boys must take mechanical drawing, and girls must take foods and clothing. In addition, all Commercial students must take general business, commerce and industry, and bookkeeping.

Along with these subjects, go the *academic* subjects. This includes three years of English. All Commercial students must take business English. Included in the mathematics department are general mathematics, Algebra I, plane geometry, Algebra III, and trigonometry. In the Science Department, biology and general science are featured. The Art Department includes Applied Art, Art I, and Art II. Other subjects include American history and civics, and Spanish I.
